Safaris

March – September 4

The hunt is done in the Tamafupa Safari area, below the National park of Hwange, at about 200 km from the Kasane International airport, at a 3 hours drive.

The area abounds in animals such as buffaloes, lions, leopards and there are plenty of elephants so that, in average, 20 to 30 male elephants can be encountered daily.

Such a concentration of elephants and a limited annual quota allow for the

possibility to harvest enormous elephants whose average size in the last 9 years has exceeded 63 lbs.

The accommodation is in luxurious tents with water and electricity.

Rates:

12 days of hunt including one elephant licence	€ 36.900
Observer non hunter	€ 2.900

Rates include:

Assistance at the Kasane airport, transfer to the camp, organization of the hunt with a guide, a tracker and one vehicle per hunter, full board in the camp, laundry service.

Rates don't include:

International flights, hotels before and after the hunt, rifle import (50 € per rifle, it is permitted to bring maximum 2 rifles and 50 cartridges), rifle rent (35 € per day), visa, preparation and shipping of trophies and shooting fees are to be paid directly in the hunting area.
