Chamois

September 1 – December 31

The Biokovo hunting area is located close to the Adriatic sea, in the proximity of the city of Split. The area is situated on the mountain of Biokovo at about 1.700 m of altitude and there's a large population of Balcanic Chamois. This is the most famous reserve for Chamois in Croatia and it has been closed for foreign hunters for over 10 years.

The hunt is done on foot but it is fairly easy, since there is a road which

reaches the highest point of the mountain.

Lodging is in small hotels in Makarska, a tourist location by the sea
