## - MACEDONIA - Selection Hunts

All year long

The hunting reserve of Lakavica is situated at about 100 km to the South of Skopje. It consist of 7.000 hectares out of which 2000 ha are fenced and contain a comfortable hunting house with four double rooms with services plus an open swimming pool. The hunting grounds are mountainous with typical Mediterranean shrubbery. The reserve abounds in mouflons, wild boars, fallow deers, roe deers, Bezoar ibex and other animals.

The hunt is done by stalking and from the blinds. This place is very good for selection hunts, there are many surplus young animals to hunt every year making it ideal for novice hunters, bow hunters and those who want to do practice with live targets, to try calibres and new rifles.
