- PAKISTAN - Big Game Hunts November - March

Pakistan is a country with many interesting animals that can be hunted only there such as Markhor, various types of Urial, Sind and Himalayan ibex.

The hunt is done in the low Asian mountains in the southern part of the country where reign Urial and Sind Ibex and in the steep, difficult mountains in the hinterland on Markhor. The only

animal hunted in high altitudes is Himalayan ibex.

The hunt proceeds on horseback but more often on foot, thus a good physical condition is necessary. The accommodation is in small hotels in the places near the hunting areas.
