this hunt.

We have taken a new concession for moose in Kamchatka, some 300km North from Petropavlovsk, in Milkovo area, where the largest moose on the peninsula can be hunted. We are building a new wooden hunting house in the concession, we have bought two rifles with scopes and we organize this hunt during the months of September and October on horseback and in December with snowmobiles. We have very good guides and the entire infrastructure necessary for
