- SOUTH AFRICA - Warthog Special February - December

In South Africa warthogs are very numerous and their trophies remarkable. In regular reserves it is possible to harvest 1-2 warthogs in a week but in this offer we propose to harvest easily from 10 to 15 warthogs at the same time. The hunt is done by stalking, waiting near the water at noon or in small driven hunts. The quality of the trophies is remarkable so that excellent trophies can be chosen during the hunt.

Accommodation is in a very comfortable, professional hunter's lodge who will take you to this exciting hunt. You can either carry away the trophies without waiting months and months for them to be shipped from South Africa, paying treatment expenses of 15 EUR per trophy. In the same reserves there are numerous antelopes so that we offer you hereby one program with both antelopes and warthogs and the other one with warthogs only.
